# The Warwick

Volume 59  
Warwick High School  
51 Copeland Lane  
Newport News, VA  
23601

Space, defined in **Webster's Dictionary** as accomodations, was one of the most desired aspects of school life. With the addition of the ninth graders, students were unaccustomed to the crowded halls, cafeteria, and pep rallies. Class sizes, also increased as well as the total school population. The school seemed unaccommodated for the 1900 students at first, but as the year progressed, an atmosphere of cooperation and companionship was created between the new freshmen and sophomores with the juniors and seniors already familiar with the "ropes" of high school life.

The faculty and staff were also affect-

ed by the addition of the ninth graders. Teachers had to deal with the increased amount of students in their regular classes, sometimes having trouble maintaining control of the vast numbers. Forty-three new teachers, one new assistant principal, and three new people associated with guidance were added to the staff. Teachers' planning periods were also affected by the new growth in student populations. They were forced to vacate their classrooms to make "space" for other classes. Sports teams and clubs also felt the expansion. Camaraderie, although evident before, became extremely

strong. Students and staff, alike, worked well together in all areas, whether in a club project or during team practices.

In conclusion, the addition of the freshmen caused great controversy at first due to the lack of "space" but as the year wore on, it became less important. Attention went from the lack of space throughout the school in the fall to the musical, "Grease" and the Varsity Basketball team in the spring. Because students learned to get along with one another, the school year provided vast learning experiences for all.

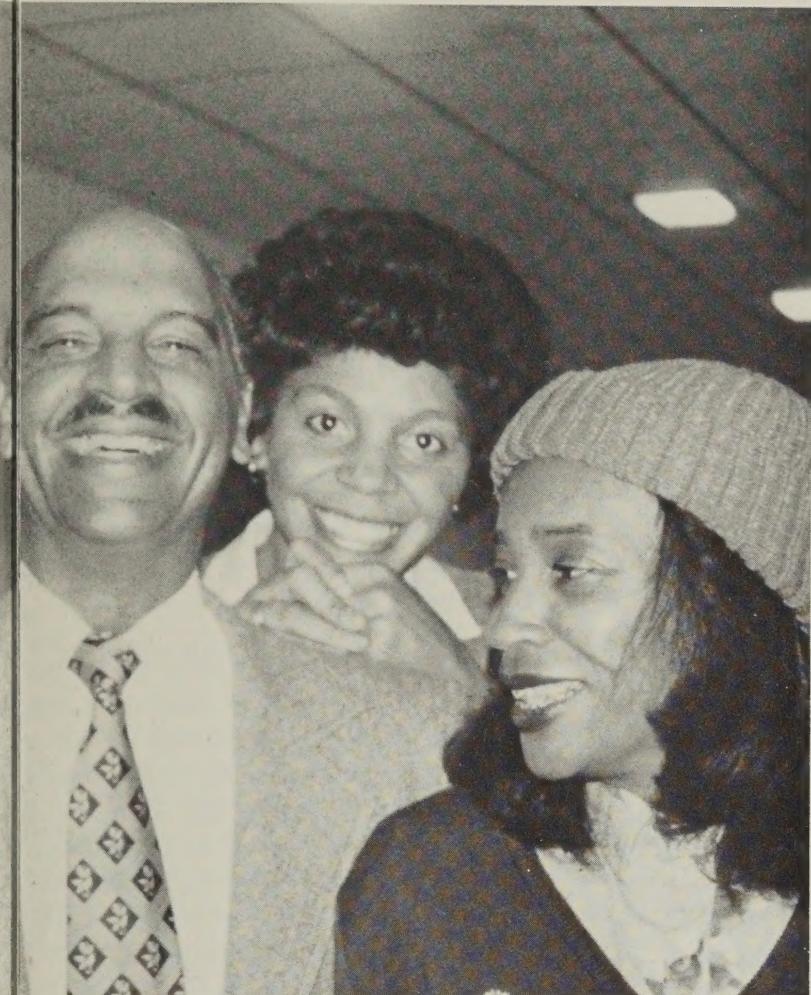

**CLOCKWISE FROM TOP:** A jump ball at the start of a quarter provides **David Jones** with enough height to direct the ball to a teammate.

A chemistry lab increases a curiosity to learn for **Scott Davis** and **Greg McDonald**.

Held during sixth period, pep rallies boost Raider spirit and morale.

Character, scholarship, leadership and service, the cardinal rules of National Honor Society, are defined for the new inductees by **Jasahn Holman**, **Belva Chapman**, **Glen Emano**, and **Karen Redman**.

**CLOCKWISE FROM TOP:** Social Studies teacher, Mr. Lenrow "Venus" Milo, is surrounded by his bevy of beauties: Ms. Ada Forriest, Mrs. Gladys Jordan and Mrs. Ivy Lee.

The benefit dance for former coach, **Billy Taylor**, provides an opportunity for **Scott Troutman**, **Dion Ruffin**, **Debbie Higgins**, **Kim Watson**, and **Patsy Martin** to show their concern for an ex-faculty member.

# HIGHLIGHTS

## A Year for the Special Event

### Events Featured at Warwick

Special events kept everyone on the move. All year, the traditional dances, plays, and, of course, prom and graduation kept the students and staff busy with the preparations and the actual happenings. Since there were added staff members and a whole new class of students, one would think that the undertakings in such events would be even more burdened than before but plans were not any more difficult than they had been in previous years.

Again, students and faculty were united by the highlights. The almost-rained-out Homecoming brought a special unity between all, especially with the addi-

tion of the new class, the freshmen. The fall play, "Splendor in the Grass," and the spring musical, "Grease," gave all the opportunity to work together to make both productions great successes. The Junior Ring Dance was better than ever before. The coming of spring brought the anticipation of two of the most important events of the seniors' year, prom and graduation. Planning and fund raising were two of the major concerns for the prom while the special anticipation greeted each day as the seniors counted down to graduation.

### Rain Doesn't Dampen Spirits

Preparations for the Homecoming court and dance started well before the event. The SCA handled all arrangements, while the student body took the nominations into its hands. Each class elected representatives for the court and all voted on the king and queen.

Weather threatened with drizzles the only successful game of the season. The crowd was not turned away by the gloomy weather but by half-time it was pouring, forcing those unprepared under the bleachers for protection. The

AFS club held a helium balloon ascension but due to the downpour, not many went up.

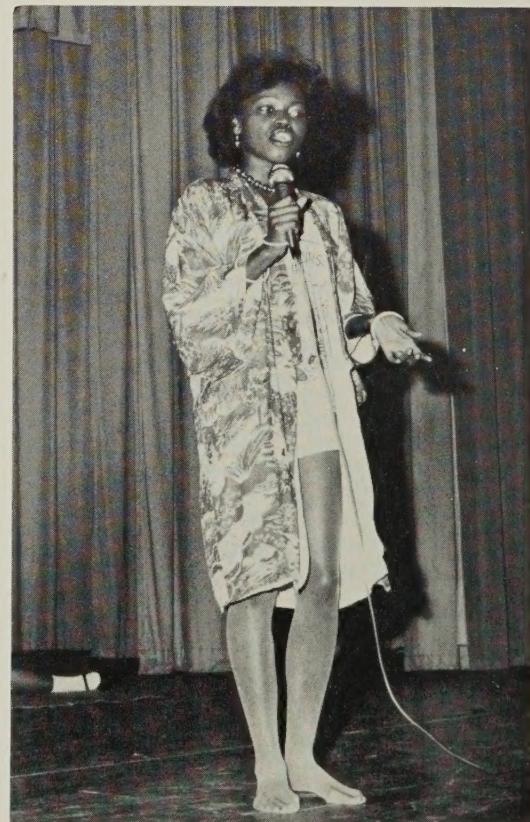

Court members, with the NJROTC at attention, waded through the mud with their umbrellas onto the field. Due to the poor weather, the band was unable to play for fear of ruining their instruments. Finally, Principal, **Mr. Richard Stacy**, and the '81 Homecoming king and queen, **Darryl Moore** and **Lisa Este**s presented the crown and scepter to **Sonja Williams** and **Dion Ruffin**.

### "Grease" Exciting

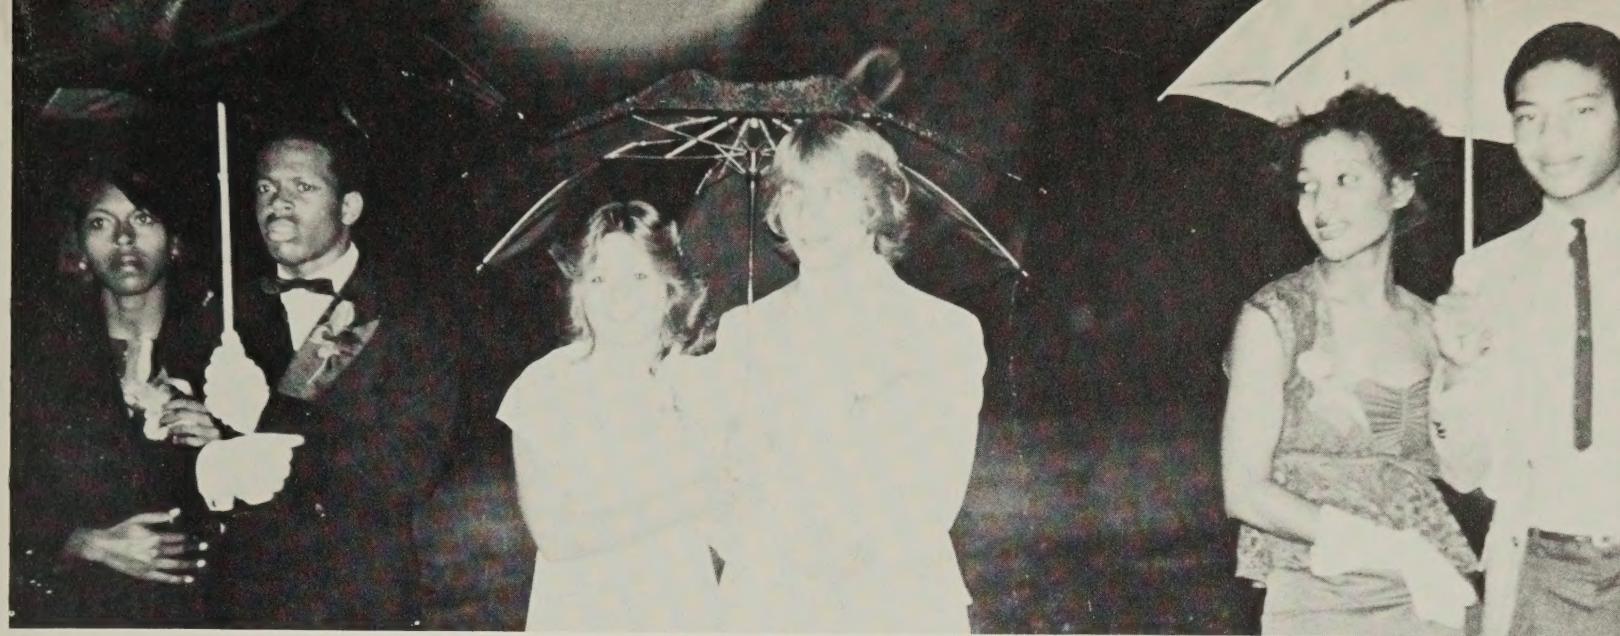

Electric with excitement, this year's spring musical, "Grease," had all raving over the production.

Tryouts, which were held December 2nd-4th, brought many students eager to show their talents. The extreme amount of talent among those trying out made the casting of the play a very tough job for drama director, **Mrs. Diane Scott** and choral director, **Mr. Tony Auby**. However, the final decisions produced a multi-talented cast.

In the months that followed, the cast and crew spent numerous fun, yet tiresome hours in rehearsals of drama, dance, and music. The end result was well worth every minute as was shown by the standing ovations to every curtain call.

The song, "Freddie, My Love," is sung by **Rose Clark** in the spring musical, "Grease."

With umbrellas as protection, court members stand on the muddy field in the midst of the rainy Homecoming.

## Pageant Held in May

Endless practices, dance routines, fittings, talent competition, smiles, and sore feet were all a part of the hard work and preparation that goes along with being involved in the 8th Annual Miss Warwick Pageant. All 30 of the contestants chosen by their club or organization put much work and effort out to make this year's pageant a real success. Apart from the contestants themselves, much dedication was given from the keyettes and their sponsor, **Mrs. Joan Isom**. Arrangements were made, decorations were designed, and patrons were gotten to submit programs, arrangements, prizes, and judges. This was all conglomerated into one big hit in their Big Event of the year, "**Private Eyes**."

The first step for each contestant was being chosen to represent one of WHS's clubs or organizations. Then came the hard part—meeting the judges, selling patron's ads, making it to every practice, and practicing their talent. Talent night, held two nights before the pageant came, the contestants had an opportunity to practice their talents and the judges had a chance to judge and score each contestant separately.

The night finally arrived with excitement in the air as the winner was announced. "The envelope please . . . . The 1982 Miss Warwick is . . . ."

Music, provided by "Harvest" for the Junior Ring Dance, gives juniors and their dates music for dancing.

## Ring Dance Attracts Crowd

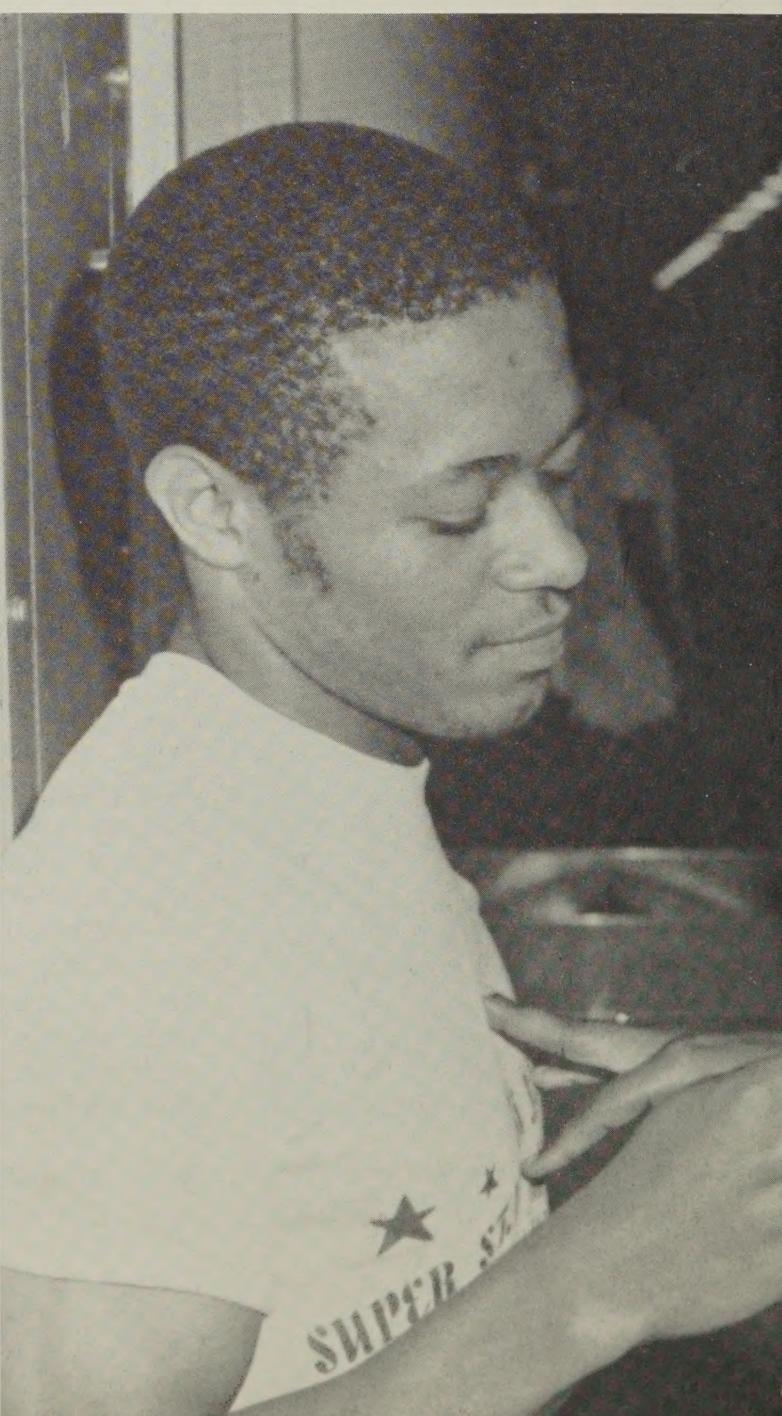

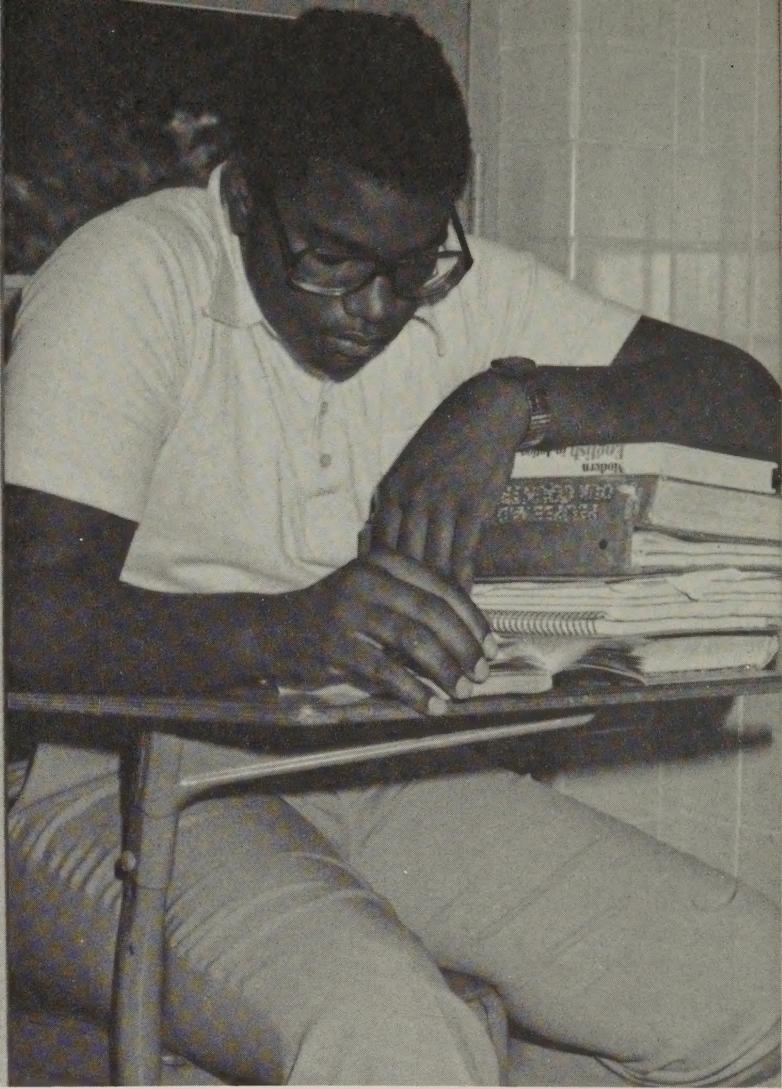

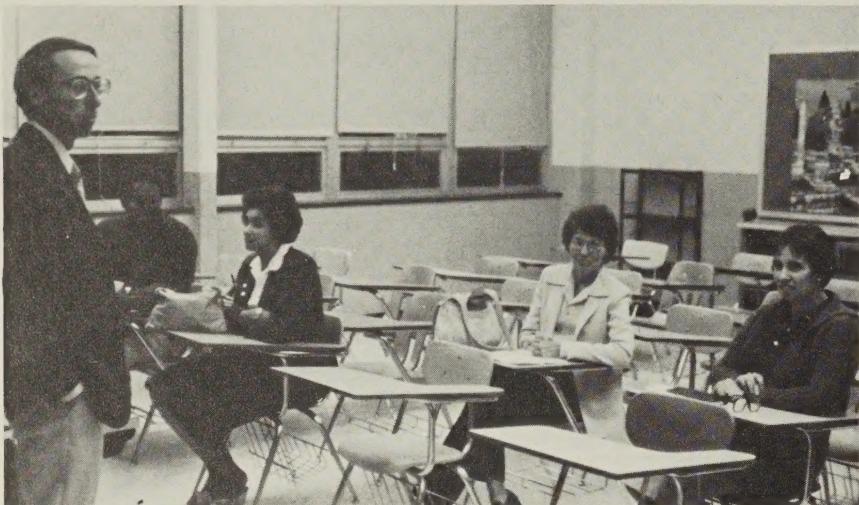

The Valentine weekend created a romantic air for the Junior Ring Dance held the evening of February 13th. The holiday also provided the theme "Straight From the Heart" for the Junior Class Executive Board to transform the cafeteria. The previous day was an Activity Day allowing many class members the opportunity to help with the preparations. The preceding weeks of numerous doughnut and candy sales gave the financial backing as well.

Music, provided by the popular group,

"Harvest", set the stage for the long awaited evening. The dance was one of the most well attended in years, according to sponsor **Mrs. Joan Isom**, referring to the 100 or more people in attendance. A highlight of the evening was offered by junior, **Keith Stubbs**, who took to the band's drums for a solo performance.

# PEOPLE

## A Year for the Staff

### New Faces in Faculty

Because of the arrival of 9th graders, there was need for new teachers in the departments such as social studies, math, science, and physical education. The new 9th and 10th grade teachers had to learn the new school's floor plan, policies, bell system, as well as becoming accustomed to the feeling of high school atmosphere.

When asked, what was their first impression, problems, or good feelings from their first days at Warwick High, the following responded: **Master Chief Bateman**—“The students are great and I like the school, but . . . since I live in Chesapeake, Va., my attitude is already

fixed by the time we drive that long distance each day.” **Mrs. Carol Bowen**—“The students were very friendly and eager for involvement with faculty when it was offered. I wish there were more time for faculty to spend involved with students at Warwick—I sense there are many unmet needs here.” **Mrs. Donna Oertel**—“I thought that everyone was helpful and friendly.” **Mrs. Debbie Hanbury**—“My first impression was Warwick has a very friendly and helpful faculty. The only problem I encountered was figuring out the layout of the school. By and large, most of the students are courteous and friendly.”

### “Coach Billy Taylor Fund”

For the past five years, **Coach Billy Taylor** was bedridden at the home of his parents in Hampton expecting to die momentarily from what had originally been diagnosed as an inoperable brain tumor. During the fall of 1981, doctors received a clearer view with new brain scan equipment at Riverside Hospital.

To help pay for the operation at a famous medical center in Rochester, Minnesota, **Mrs. Bonnie Lowe**, of the math department, decided to start the “Coach Billy Taylor Fund”.

The Billy Taylor Fund-Raising Project was a successful one. The dance, which was the main fund raiser of the project, brought in approximately 500 dollars. The students' support was greatly appreciated by the teachers and **Coach Taylor**. Even though the attendance of the dance was very limited, a great quantity of tickets were sold. Also, donations were accepted at all home basketball games, and other activities such as the challenge made by the German Club to beat their donation of \$50.00 brought in added funds, finally totalling \$1,000.00.

A new arrival, **Mrs. Medina Smith** teaches sign language for the deaf.

At the fund raising dance for **Coach Taylor**, **Coach Jim Harvey** welcomes **Kim Watson**, **Patty Martin**, and **Debbie Higgins**.

## Faculty Gathering

As a moral booster and to show appreciation for a job well done, the Administration treated the Faculty and Staff to monthly "T.G.I.F.'s" ("Thank Goodness It's Friday"). A time for relaxation and fun, the get-togethers were an excellent opportunity for the many new teachers to become acquainted with their co-workers. Good food was provided by the cafeteria and several times by the FHA and Home Economics Department.

Other events that fostered togetherness and friendship were the pre-game Faculty Family Homecoming dinner and a year end picnic.

The announcement of the gatherings were always met with enthusiasm as everyone looked forward to the socials.

After a pre-game pizza dinner, faculty gathered to support their team.

## Intramural Sports Program

Intramural sports, which included softball, volleyball, and in past years, basketball, were organized to offer students who were not talented enough or didn't have time for regular sports, an opportunity to play in a non-district sports. It also provided year round athletic fun for the faculty, who always provided an enthusiastic team.

**Coach Bob Worthington**, director of the

Intramural Sports program, said that the program was eligible for all teachers and students and was strictly volunteer. "The participation is just tremendous". Each year the events were held and began with softball in October; volleyball in March; basketball in April and May. It was a success because students, faculty and administrators got a chance to play together and have a good time.

As a teacher's aide, **Mrs. Ethel Swarn** teaches sign language for the deaf.

## A Year for the Individual

### Being a Newcomer

Many of the ninth and tenth grade students at Warwick knew how difficult it was to be a newcomer. It was sometimes not very comfortable for most; for many, it was a lot of pressure put on them by the higher grade levels. Many of them said when asked, "How did it feel to be new to a different school?": "It was not too bad." There were some who thoroughly enjoy being in high

school.

It gave more opportunities to join sports, clubs, and to run for different offices. It also gave a better outlook, to prepare for life in the outside world, by teaching how to work with older people and to understand and respect themselves and others.

### Sr. Banquet Brings Class Together

The annual senior banquet was held on Thursday, January 28, at Fisherman's Wharf.

Along with all the excitement of the evening, the Senior Superlatives were announced. Twenty students were chosen to represent the Class of '82 in categories such as: "Most Likely to Succeed," "Best All Around," "Best Looking," and "Friendliest."

Also, as the result of voting, the traditional class symbols were revealed. These symbols included: the class song,

which is "The Best of Times" by Styx; the class colors, which were red and white; the class flower, which was a red rose; and lastly, the class motto, which was "Yesterday is behind you, take tomorrow as it comes."

The night marked an evening in history to always be remembered by the Class of '82. There was added significance because it was the first of several times the seniors will gather together. It was a special occasion that was truly inscribed as one of "The Best of Times!"

"Twirp Day" during Raider Week gives **Dion Ruffin** a chance to be "twirped" by **Nina Basham** by counting her toes.

### Rallies Cut Short

Due to the influx of ninth and tenth graders, pep rallies were changed from morning to afternoon activities. That change led to controversy between students.

Seniors felt slighted because many leave at 12:30. Thus, the students were unable to support their class in the spirit raising event.

The change came about because of the seniors' early dismissal. The absences of those students provided enough room for the added freshman class.

Although some seniors missed out, the overall participation was overwhelming. All students supported the school activities and lifted the "Raider Spirit" to the skies!

Once again a Warwick tradition proved to be a great success as it was in earlier years!

While at the Senior Banquet held at Fisherman's Wharf, **Anita Clark** and her date relax.

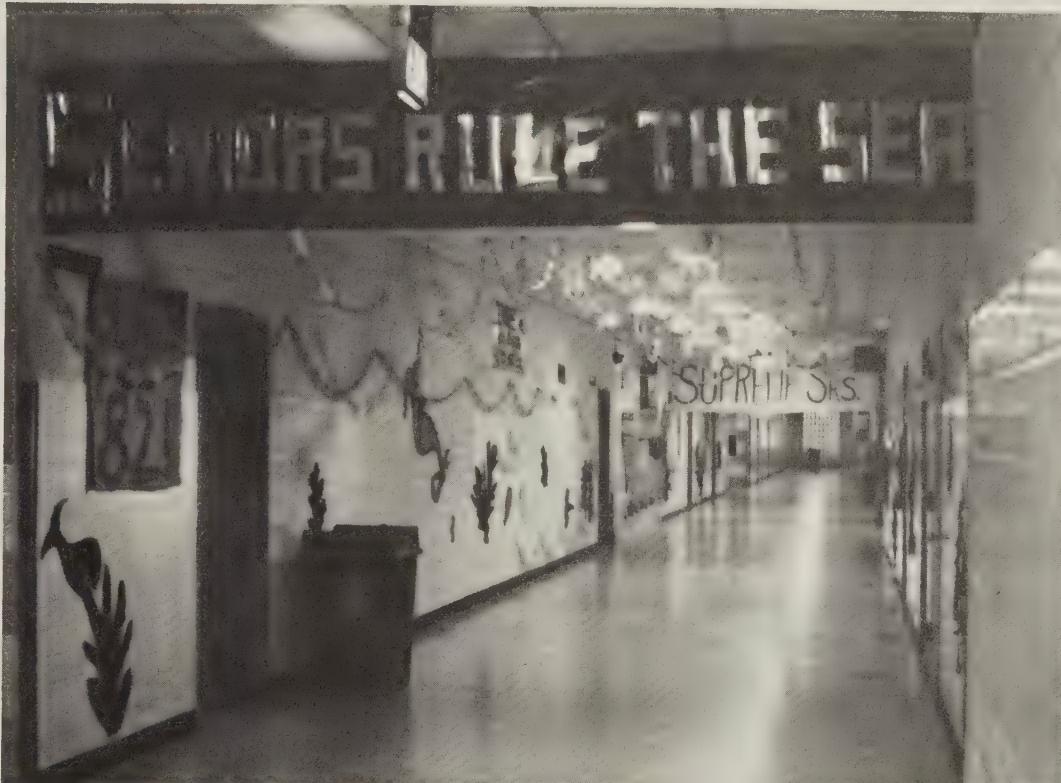

Juniors show their spirit in the spirit competition during a pep rally.

## “Raider Week”

One of the biggest events of the Warwick High School year was “Raider Week.” During this special week students could express themselves by showing their school spirit on “Tourist Day,” “Seasick Day,” “Twin Day,” “Maroon and Gold Day,” and at the pep rally.

“Tourist Day” gave many students a great opportunity to dress in their wildest plaids, flowers, and stripes, pretending that they were typical, tacky, tourist. This was the most fun for the Raiders. They had a great chance to be wild and crazy.

“Maroon and Gold Day,” however, was the most exciting day of the whole week because it was the day that the Raiders wore their school colors. Everyone participated, students and even faculty. There were many shades of maroon and gold, which meant that everyone had school spirit. Although the seniors won first place honor in the hall decoration competition, the juniors won the spirit stick showing that they have a lot of spirit also.

The Senior Hall captured first place in the hall competition during Raider Week.

## Loyalty Is Binding

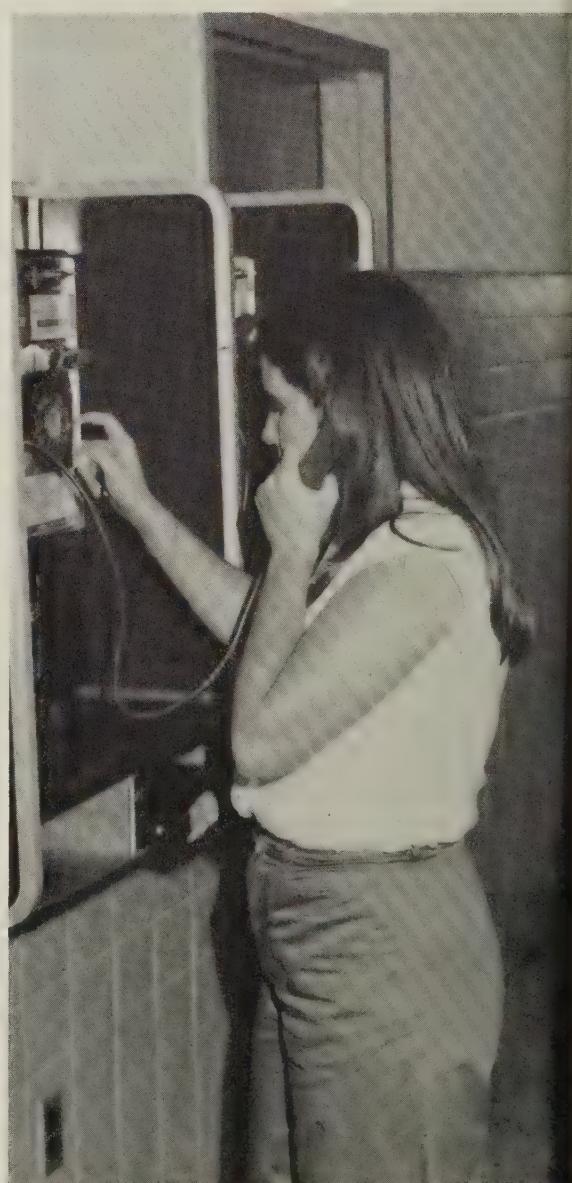

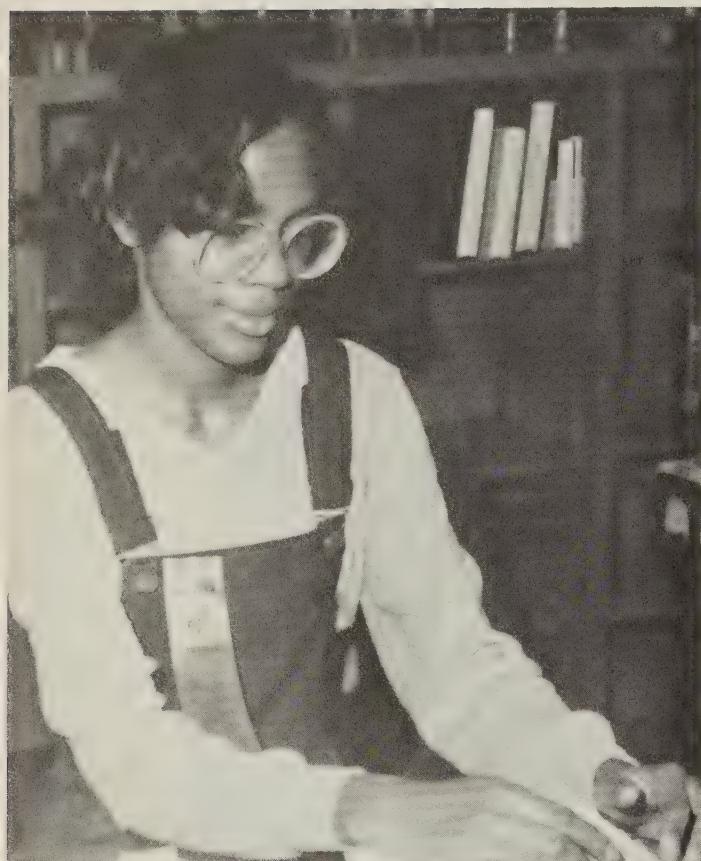

Life at Warwick became so rushed. Due to the additional students and a shortened tardy allowance, one had to fight a way through the halls just to get to class on time. Of course, this caused a lot of bumping and knocking, apologies and dirty looks.

The whole year wasn't spent fighting, though. There were times when everyone united as one and stood for the same thing.

Having a wider age span in the clubs really helped bring a new prospective of involvement in activities.

The love that surrounds Warwick was best demonstrated by the support from students and faculty for the sports. Everyone got involved. The year was full of ups and downs but behind every corner was a delightful surprise.

## A Difficult Year for the Businesses

### Businesses Support Annual

The Ads section of the Warwick was devoted to the people who gave the much needed and appreciated help by purchasing ads to make the publishing possible. These advertisers, in turn sought the patronage of the readers to help boost their business so that they may continue their support of various school functions, such as the annual.

### AFS Student from Chile

Her name was **Myriam Rojas**, WHS 1981-1982 AFS foreign exchange student from La Calera, Chile. **Myriam** saw several differences between Warwick and her school in Chile.

Back home, **Myriam** attended an all-girl private school. The rules were much more strict there than it was here. The students were required to wear uniforms every day. Here she enjoyed the freedom to wear different clothes to school each day. She also liked the company of boys in the classroom.

At first she had trouble liking American food, but then she became used to hamburgers, fries, shakes, etc.

**Myriam** took six courses instead of the normal twelve she was taking in Chile. The courses were taught alternately instead of every day.

When asked how she felt about her teachers here, she replied, "I really liked them. I was very lucky because of their patience with me, especially my English. They were one of the best things that I've experienced through AFS."

**Myriam** will be leaving the U.S. in the summer. She wants to come back and go to college at UCLA, but she will have to wait at least two years until her agreement with AFS is over.

Several business supported the staff for different reasons. A number employed students, and others felt it their duty to support their Alma Mater. However, no matter what the reasons, the staff was greatly indebted to them, for without their patronage, it would have been impossible to acquire enough funds for the publishing.

AFS Exchange Student, **Myriam Rojas**, enjoys scenery at the Museum of Appalachia in Norris, Tennessee.

### Staff Sells Ads

#### The Ins & Outs of Ads

\$ "Let's go sell ads."

¢ "Ya mean we gotta go sell? I thought they just called us and asked for them."

\$ "No, we have to go to the business, ask for the manager, and give him our pitch."

¢ "Huh?"

\$ "We go in the store in pairs, take a yearbook with us, and ask to speak to the manager."

¢ "Ya gotta make two trips?"

\$ "Listen, sometimes it's more than that. Anyway, you show them a page in the yearbook with ads, give them the prices and remind them that 'we always appreciate their support'."

¢ "Lay it on pretty thick, huh?"

\$ "No, but when you're anxious to get their ad, you are pretty glad when they say 'yes'. So, you get their calling card and hopefully, their money or a contract to bill them and that's all there is to it."

¢ "Have you ever met any weirdos?"

\$ "Well, one time there was this guy who wanted us to print his phone number . . . forget it! And, several florists gave us flowers. Come on, let's go!"

¢ "Oh, I'm nervous. Don't make me go in by myself!"

\$ "No sweat! You just smile and say you're from Warwick . . . "

# Annual Staff Records Student Opinions

In the spring of 1982, the yearbook staff polled students and faculty to find out what fads, people and places, if any, were popular at Warwick and the nation. In fashions and fads, punk was noted as the most popular over the preppy style and designer jeans.

Around the entertainment circle, Tom Selleck and his T.V. show, "Magnum, P.I." were voted in by the viewers as

"their favorite." Daytime drama has captured the eyes of teenagers as shown in the popularity of "General Hospital." The show was also the favorite daytime show from last year's polling.

The Rolling Stones won the category of most popular musical group, while the most popular album was "Escape" by Journey. "Endless Love" and

"Centerfold" were polled as the most popular songs.

This year Hollywood released numerous movies that were extremely popular among the students. Movies such as "Arthur," "Reds," and "On Golden Pond," were among the favorites. However, "Raiders of the Lost Art," was this year's poll winner.

## Exciting Exchanges

During the 2nd week of March, ten students from Warwick went on a Short Term Exchange with Norris High School in Norris, Tennessee. The ten "Raiders" were hosted by families of students that attended Norris High School.

While in Tennessee, the students experienced living in a city surrounded by mountains. They visited the Museum of Appalachia in Norris, and the Science Museum in Oakridge, Tennessee. They also saw one of several dams that were built by TVA.

A week after the "Raiders" arrival back here, Warwick High School hosted twelve students from Norris. The Norris students visited Williamsburg and Yorktown.

# RECREATION

## A Year in Sports

### Field Hockey Ranked Third in Region

Not many sports can claim such an impressive record as the Varsity Field Hockey Team. Four consecutive years as the District Champs, the girls consistently proved their skills. **Coach "Rusty" Stephenson** credits the loyalty and teamwork of the squad for their success. Friendships on and off the field made good feelings of cooperation. With an

extensive season, the team began practice in August with exhausting drills and scrimmages. Running to train for long periods of exertion, the girls soon discovered being on the field hockey team required a great deal of dedication and hard work. However, the reward was quick to come—another year as District Champions!

### Sports Entice Everyone

The sports program underwent significant changes at Warwick. August brought **Coach Bill Lyons**, the new varsity football coach, with a strict, strenuous training program. Though not exceptional, the season showed a marked improvement with high hopes for next year. JV Football brought the first district attention by capturing first place. Girls' Varsity Field Hockey continued the honors being District Champs and third in the region. Heads high, the Cross Country team crossed the finish line again in first place in the District. Perhaps the most flamboyant of all the "Champs" was the Varsity Basketball Team, easily winning the district and finishing second

in the region. They were matched in a successful record by the JV Basketball team, also the area's best. However, for several teams, this year was one of rebuilding. Tennis, wrestling, gymnastics, track, golf and soccer benefited from the addition of the 9th graders, but inexperience and lack of depth were dominating factors. Nevertheless, a positive attitude and aggressiveness insured hard fought seasons and a promise for the year to come.

Like clubs and extra-curricular activities, the sports program, win or lose, has much to offer the students of WHS.

### Champions

Of all the sports programs at a high school, basketball appears to be the most popular. In the middle of winter boredom, crowd support, fast action, and tense finales proved the sport to be a real attraction. The Raider team, loaded with young, inconspicuous talent, began the season with a loss to Phoebe. However, it was a loss not to be repeated many times throughout the 22-4 season. **Coach Jim Harvey** constantly lauded his squad for its teamwork, control and maturity. The ability to "go to his bench" was a strong factor in winning when other teams tired or star players fouled out. Becoming District Champs with the defeat of Ferguson, the team went on through a tense, exciting tournament to become second in the region. An even more positive note is the fact that all but three players will be returning next year to thrill spectators with more great ball playing.

To defend and guard the ball is natural for the Girl's Basketball team.

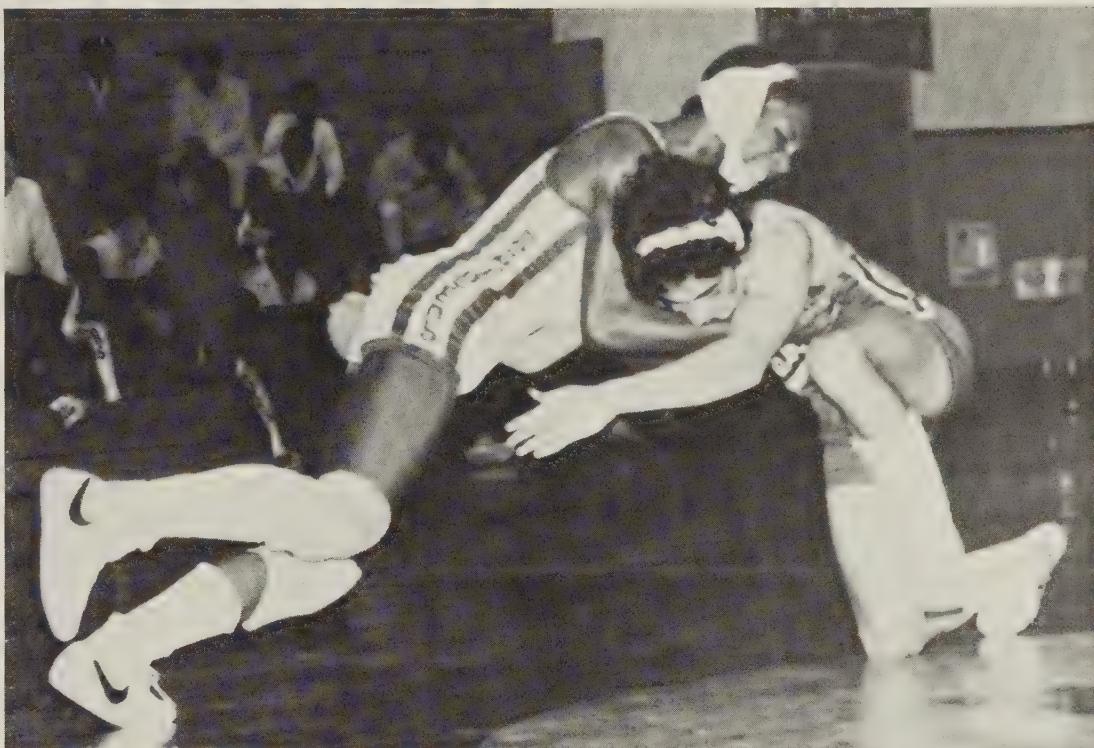

Opponents pose a problem as **Fonda Curry** loses control of the ball.

## A Time For Change

While several teams flourished, there were other sports at Warwick that had to regroup and rebuild. The influx of the 9th graders offered coaches a larger field of competitors from which to choose. Many teams lost crucial players while others had to deal with total inexperience.

It was a year of training for gymnastics as **Coach Val Fauntleroy** pointed out. However, she noted, the girls were very flexible and receptive to all advice. The completion of the weight room was a bonus for groups such as Varsity Football and Wrestling. Both relied heavily on the physical training to build stamina. The weather played havoc with the spring sports tennis, track, and baseball. Playing conditions forced soccer to move to a nearby elementary school. New coaches brought new life to several teams. **Bill Lyons** joined the football staff while **Keith Garvin** took over with JV Baseball.

Although their records may not be winning ones, these teams worked hard and next year will certainly present a challenge.

Junior **Reggie Moore** fights to gain leverage while he persists to earn his pin.

## J.V. Football Breaks Losing Streak

The season of J. V. Football was the most outstanding one in five years. The players showed terrific action and sportsmanship. Some of the good players were: **Scooter Davis, Eric Robinson, Ira Davis, and Ernest Everett**. They wrapped up the season with a 5-3

record. The most exciting game was with the Crabbers of HHS with a disappointing loss, 0-7. However, **Tim Huff** said they played together as a real team, realizing an important criteria for next year.

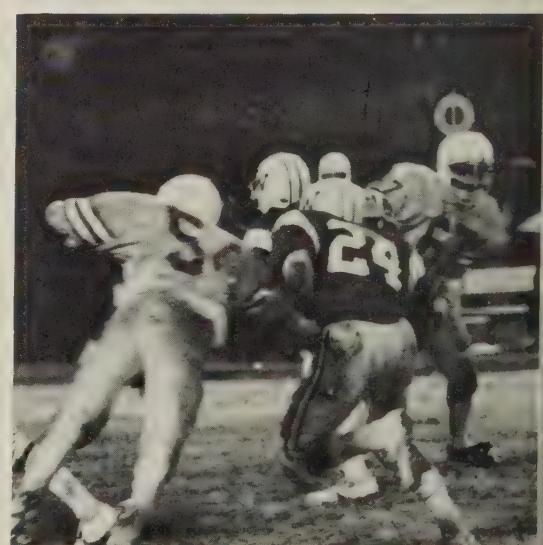

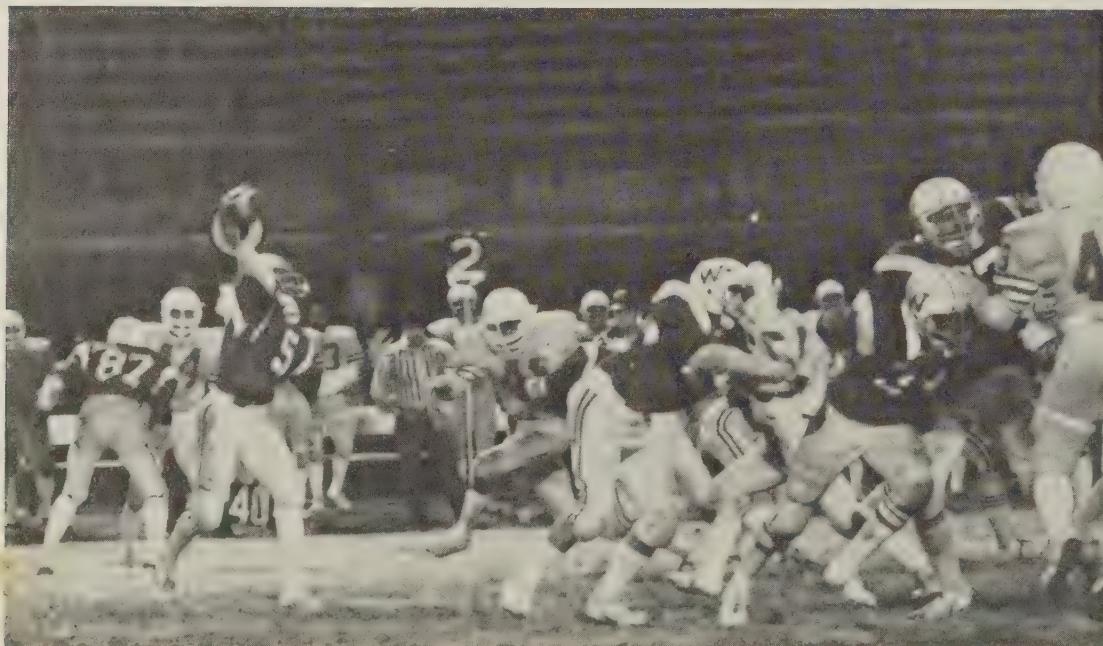

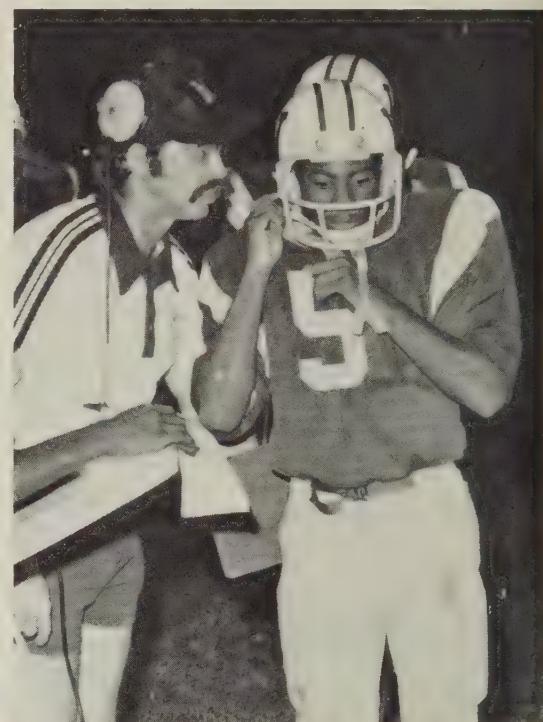

**CLOCKWISE FROM TOP:** In an attempt to reconsider alternatives, the players take advantage of a time out.

The never ending pressure of assuring the team is obvious of newcomer **Coach Bill Lyons**.

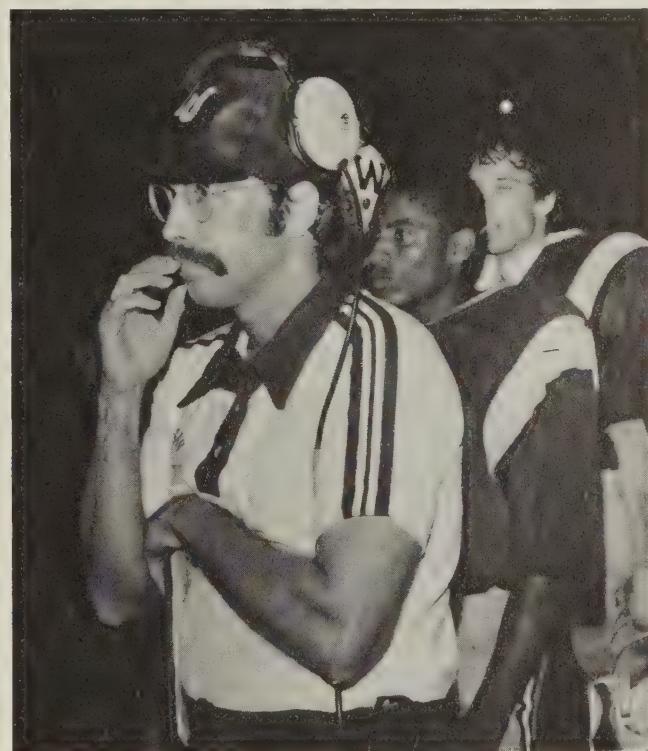

A hole opens for **Steve Richardson** to fight for precious yardage.

The defense holds the line so **Lou Carpenter** may initiate a pass.

Varsity Football, Front: K. Maddox, D. Orie, B. Yost, S. Davis, S. Parks, I. Kitchens, T. Totten, D. Ruffin; Second: J. Stevenson, H. Davis, C. Johnson, T. Gary, J. Carter, B. Peebles, J. Whitehead, L. Carpenter; Third: S. Richardson, A. Lucas, R. Dardon, L. Toombs, C. Pruitt, J. Darden, E. Weaver, B. Reed; Fourth: R. Gray, T. Doswell, K. Stubbs, D. Parker, M. Dixon, R. Artis, C. Seawright, W. Metcalf, E. Fitchett.

## Lyons Lionizes Raider Morale

**CLOCKWISE FROM TOP:** Senior **Chuck Johnson** waits patiently while officials check his ankle for injuries.

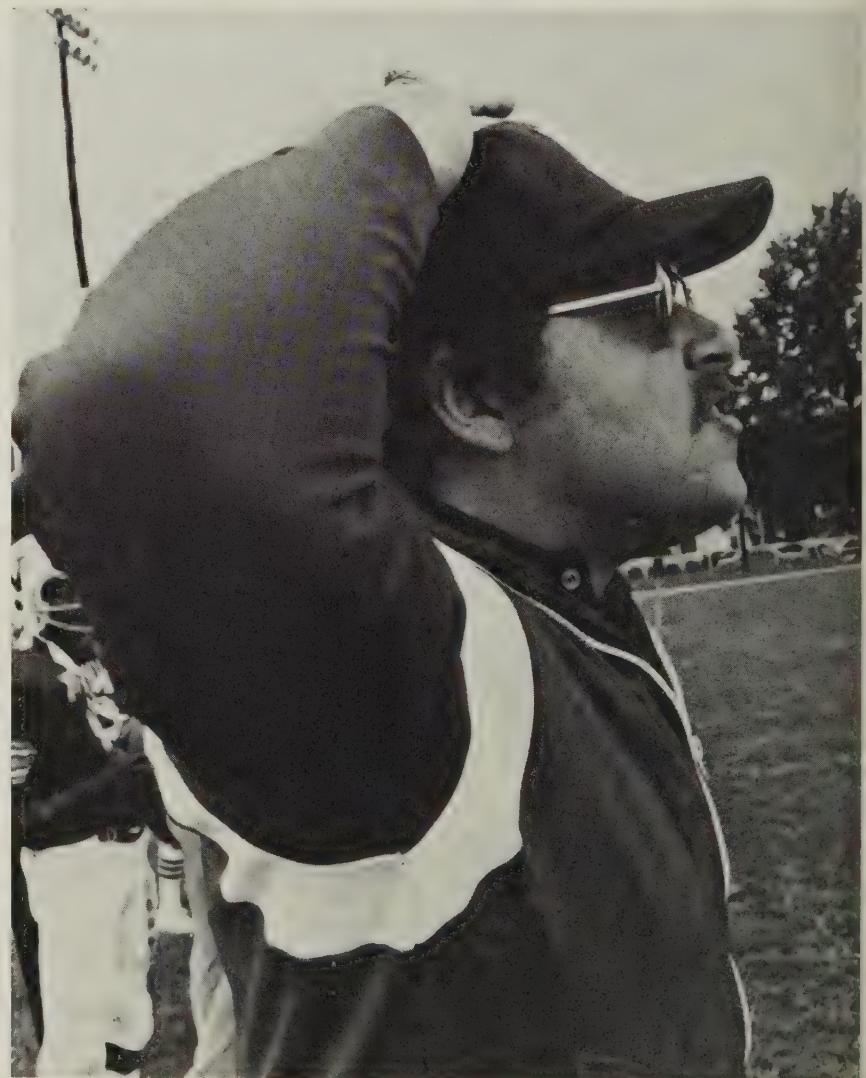

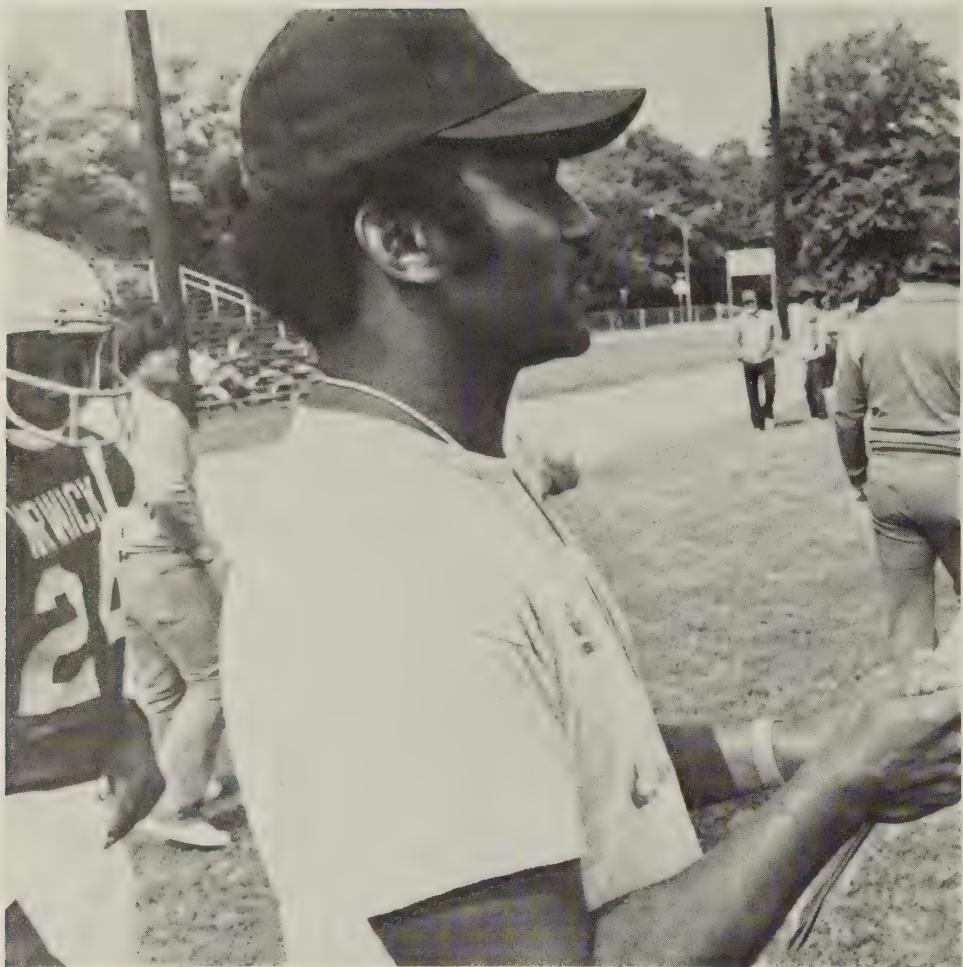

A touchdown in sight, **Mark Dixon** takes a chance and grabs the ball.

In a train of thought, **Coach Bill Lyons** contemplates which plays to use.

With an eye down field **Luke Carpenter** looks for an opportunity to pass to an open team mate.

Team members stand by attentively while waiting for a chance to participate.

# New Coaches Bring New Life

**CLOCKWISE FROM TOP:** Indecisive about which choice of plays, **Coach Bob Mann** checks his clipboard.

Lectures and Pep Talks by **Coach Bob Cislo** help to prepare the Raiders for a winning season.

To assure support and guidance **Coach Tom Jacobs** stands patiently by the side.

With a clean tackle a J.V. Raider puts an halt to an offence.

**CLOCKWISE FROM TOP:** Junior Varsity: Front: C. Goid, K. Powell, C. Parker, C. Glore, K. Gills, K. Newby, E. Everette, G. Williams, M. Christian, R. Brown, D. Corsey, D. Vines, R. ## A Year of Clubs

### Being Involved Is Crucial

There were 34 clubs at Warwick High School for a student to become involved in. They ranged from foreign language clubs to honor societies to vocational clubs. It was almost impossible for a student to attend Warwick and not become involved. Being active was crucial in being a well-rounded student. It gave a student a chance to have fun in school and get away from school worries. Clubs entertained the students through such activities as picnics, banquets, skating parties, bowling parties and plays. As well as activities, each club had to have fund raising events. The major fund raisers were candy grams, carnations, and candy sales. Without clubs Warwick would be lost. Clubs

seemed to bring the students closer together.

Clubs met once a month on activity day. But, sometimes, called meetings were held before and after school. Being in a club required dedication. One should not have been in a club just to use the title for a transcript or for Senior Statistics. One should have been an active member, who upheld one's obligations. If one were in more than one club then he or she should have realized the responsibilities to each club. Certain clubs required more from a student and some even kept track, by points, how active one was. Clubs required a lot but, in turn, had a lot to offer.

### All That Jazz

With black hats, shades and black suits, the Jazz Ensemble imitated the "Blues Brothers", which aroused school spirit whenever they played. The ensemble played at pep rallies and concerts as well as devoted time to such productions as "Grease". To become a member of the Jazz Ensemble one had to be a very good musician and audition for a position. Unlike recent years, this year the Jazz Ensemble was made up solely of males, which made it easier to portray the "Blues Brothers". The Jazz Ensemble seemed to have class and style this year that attracted everyone's attention. Once they started to play, all of the crowd joined in on the enthusiasm and soon everyone was enjoying himself.

### Acting Their Way Through School

The Drama Club was a large club and very active. The club had many fund raisers to pay for the royalties for the two major plays "Splendor in the Grass", a full-length fall production and "Grease", a full-length spring musical.

Along with the two major productions, drama members put on plays for elementary students such as "The Lion Who Wouldn't". This play was performed at Sedgefield Elementary in Newport News.

Besides raising money for royalties, the drama club had to also raise money for costumes. Costumes were lent out to the students for the plays and must be returned afterwards. The costumes could be used for other plays in the future.

From the Drama Club, Thespians were chosen. Thespians was a honor society for acting. To become a thespian one must achieve a certain number of points by being involved in school plays.

Before a play was shown to the student body, the drama members had to work on it for two months. Each scene had to be staged, props made as well as all choreography had to be done.

This year the Drama Club did a excellent job on the plays they have presented. They deserved much appreciation and a great thanks for their entertainment. **Mrs. Diane Scott**, sponsor, should be proud to represent such a group.

As the lion **Robin Garren** stars in "The Lion Who Wouldn't".

At Fall N.H.S. induction, **Paul Ward** puts the key around **Ruth Jones'** neck.

## Highest Achievers

National Honor Society was the highest achievement one could obtain in high school. To be considered for National Honor Society one had to have a 3.0 average, leadership abilities and good character, and service.

National Honor Society had inductions in the fall and in the Spring. Fall induction was just seniors, where spring induction was both juniors and seniors.

This year, under the presidings of **Connie Hall**, the National Honor Society was able to raise enough money for the tassles to be worn at graduation. The members did this by selling Santa grams, carnations, and having a bake sale on "Back-to-School" night.

National Honor Society also sponsored a tutoring program. This was for students who needed help in Math and English. A member of National Honor Society would meet with the student once a week and tutor him in the subject he needed help in. National Honor Society often met at 8:00 on Thursday mornings to discuss such items as fund raisers and inductions.

The Honor Society functioned as a club and served as an example to all at WHS.

J.V. and Varsity Cheerleaders move to the music at a pep rally.

## Cheerleading: A Challenging Job

Cheerleading: an activity that took a lot of time. From August to June the cheerleaders went on strong. They cheered for football, basketball, wrestling, and soccer, not to mention having tryouts and teaching the new cheerleaders the cheers.

Sometimes cheerleaders get so involved that they end up cheering four nights in one week, between games and practices. They also cheered during vacations such as Christmas for tournaments.

But, along with all of this, there was the experience of getting out and meeting new people at games and even at sum-

mer camp. Camp, this year, was held at University of Richmond and the Varsity Cheerleaders were there along with other squads.

The cheerleaders boosted spirit through signs and pep rallies. It seemed every week one could find a cheerleader painting a sign for a game or pep rally.

The cheerleaders boosted the egos of players by being their secret pals and throwing parties for them.

However, cheerleading was personally rewarding and a job well done by those who were dedicated.

**CLOCKWISE FROM TOP:** Lunchtime fiestas are often a part of the annual staff fun.

A trip to Port Arthur one afternoon gives staff members, **Terry Hall** and **Audrey Clark** a chance to eat Chinese food.

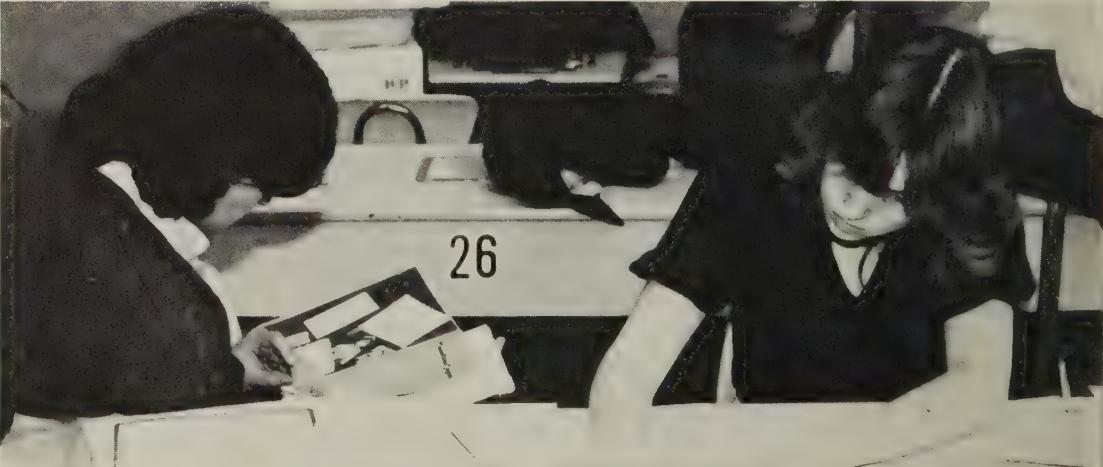

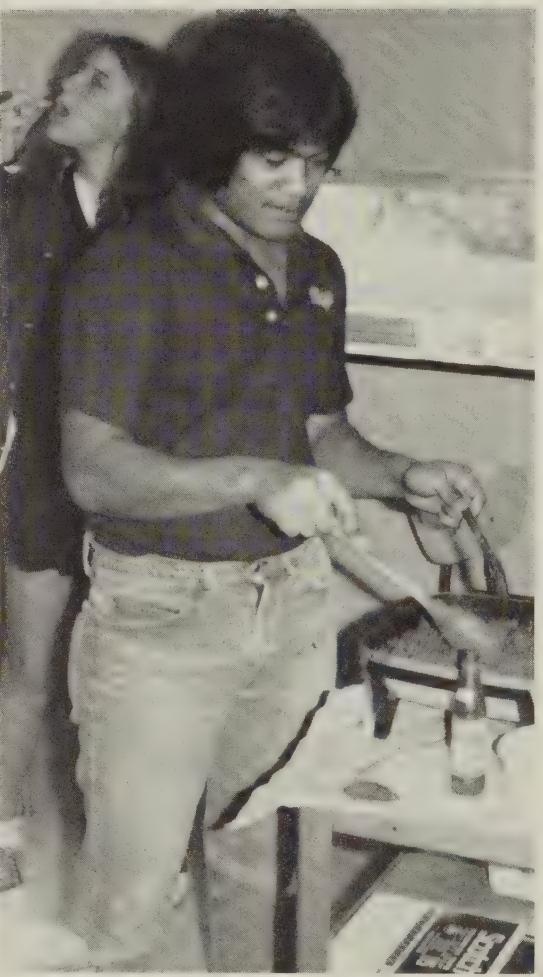

Staff idol, **Tom Selleck** ("Magnum, P.I.") gives much inspiration to the female members of the staff.

Deadline time is a good chance to help one another with their layouts and ideas as shown by **Myriam Rojas** and **Gail Wheeler**.

Advisor, **Mrs. Rosie Walsh** talks with bookkeeper **Mrs. Joanne Barbour** concerning the yearbook funds.

Gossip time takes up the monotony of checking and editing pages as shown by editor, **Daphne Hume**.

Ads staff manager, **Glen Emano** takes a break from ad selling during a fiesta.

# Annual Staff Expresses Thanks

The Annual Staff is indebted to:

The Peninsula Rotary Club, for pictures of the Ft. Eustis Basketball Tournament;

**Mark Smith**, for use of **some** of his Homecoming pictures and the pictures of the Norris HS Exchange;

**Mr. Kurt Araujo** and his **wife** for their assistance and eagerness to please;

**Mr. Wilson Moore** and **Mr. Darryl Nelson** for their patient and diligent photography;

**Mr. Hoyt Davenport**, for speedy, dependable developing and printing;

**Mr. C. Walsh**, for putting up with the "kids" while **Mrs. Walsh** was at school "after hours";

**Crystal Underwood**, for her pictures

of Senior Banquet;

**Billy Garrett**, for last minute photography;

**Mr. Terry Hunter**, for photo coverage;

**Mr. Tom Knox**, Del Mar Rep., who covered the Denbigh basketball game and gave us super shots;

**Jennifer Warren**, our super typist, who saved us by typing MASSIVE amounts of copy;

The Night School Staff, for patiently moving their French class out of the room;

**Mr. McDonald**, the evening custodian, for patiently cleaning around us and making us feel protected!

**Mr. Steve Hochman**, our "cheerleader", always positive and

supportive;

Certain parents, who understood and allowed their kids to stay late at night to finish their commitments;

A "special" thanks to **Daphne**, our Editor, for the long hours and totally unselfish dedication to the making of a great yearbook;

Finally, **Mrs. Walsh** thanks those few special young people who learned the very difficult lesson of responsibility, dedication and commitment to a job well done. You are to be commended.

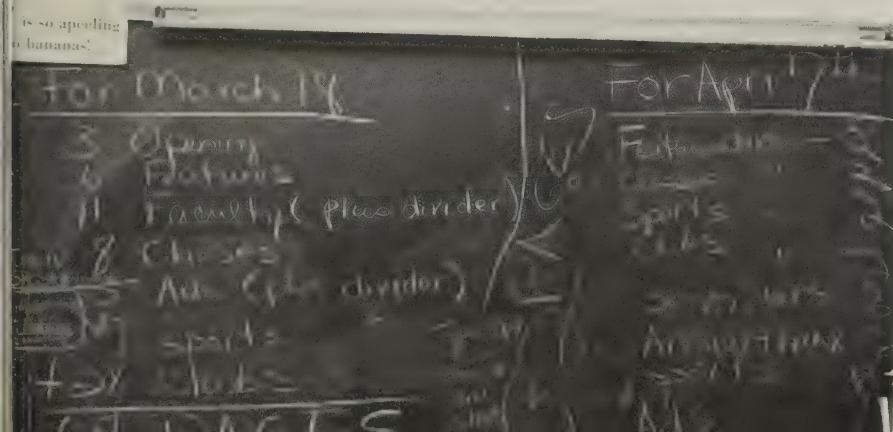

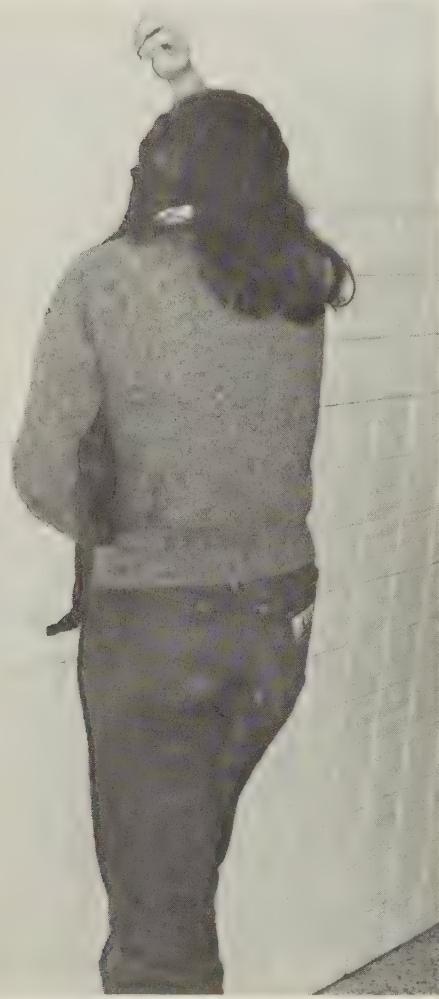

CLOCKWISE FROM TOP: "This is Pepsi?" wonders clubs editor, **Bonnie Hancock** at her first time at a Chinese restaurant.

"Not bad!" says assistant principal, **Mr. Steve Hochman** to principal, **Mr. Richard Stacy** at the annual staff fiesta.

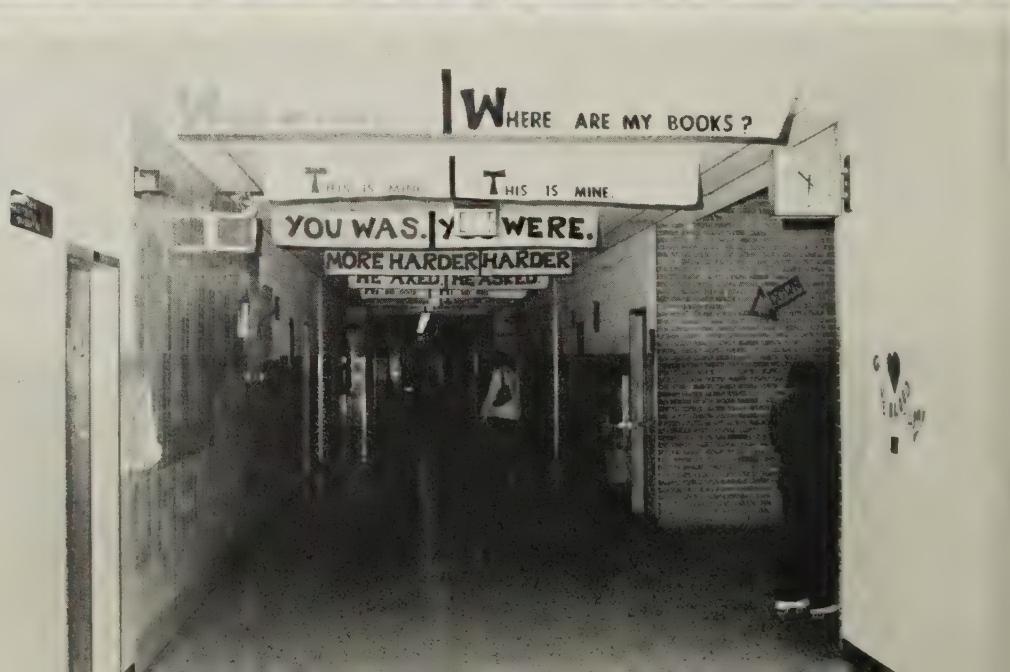

The annual staff Christmas party gave members an opportunity to unite together and exchange gifts.

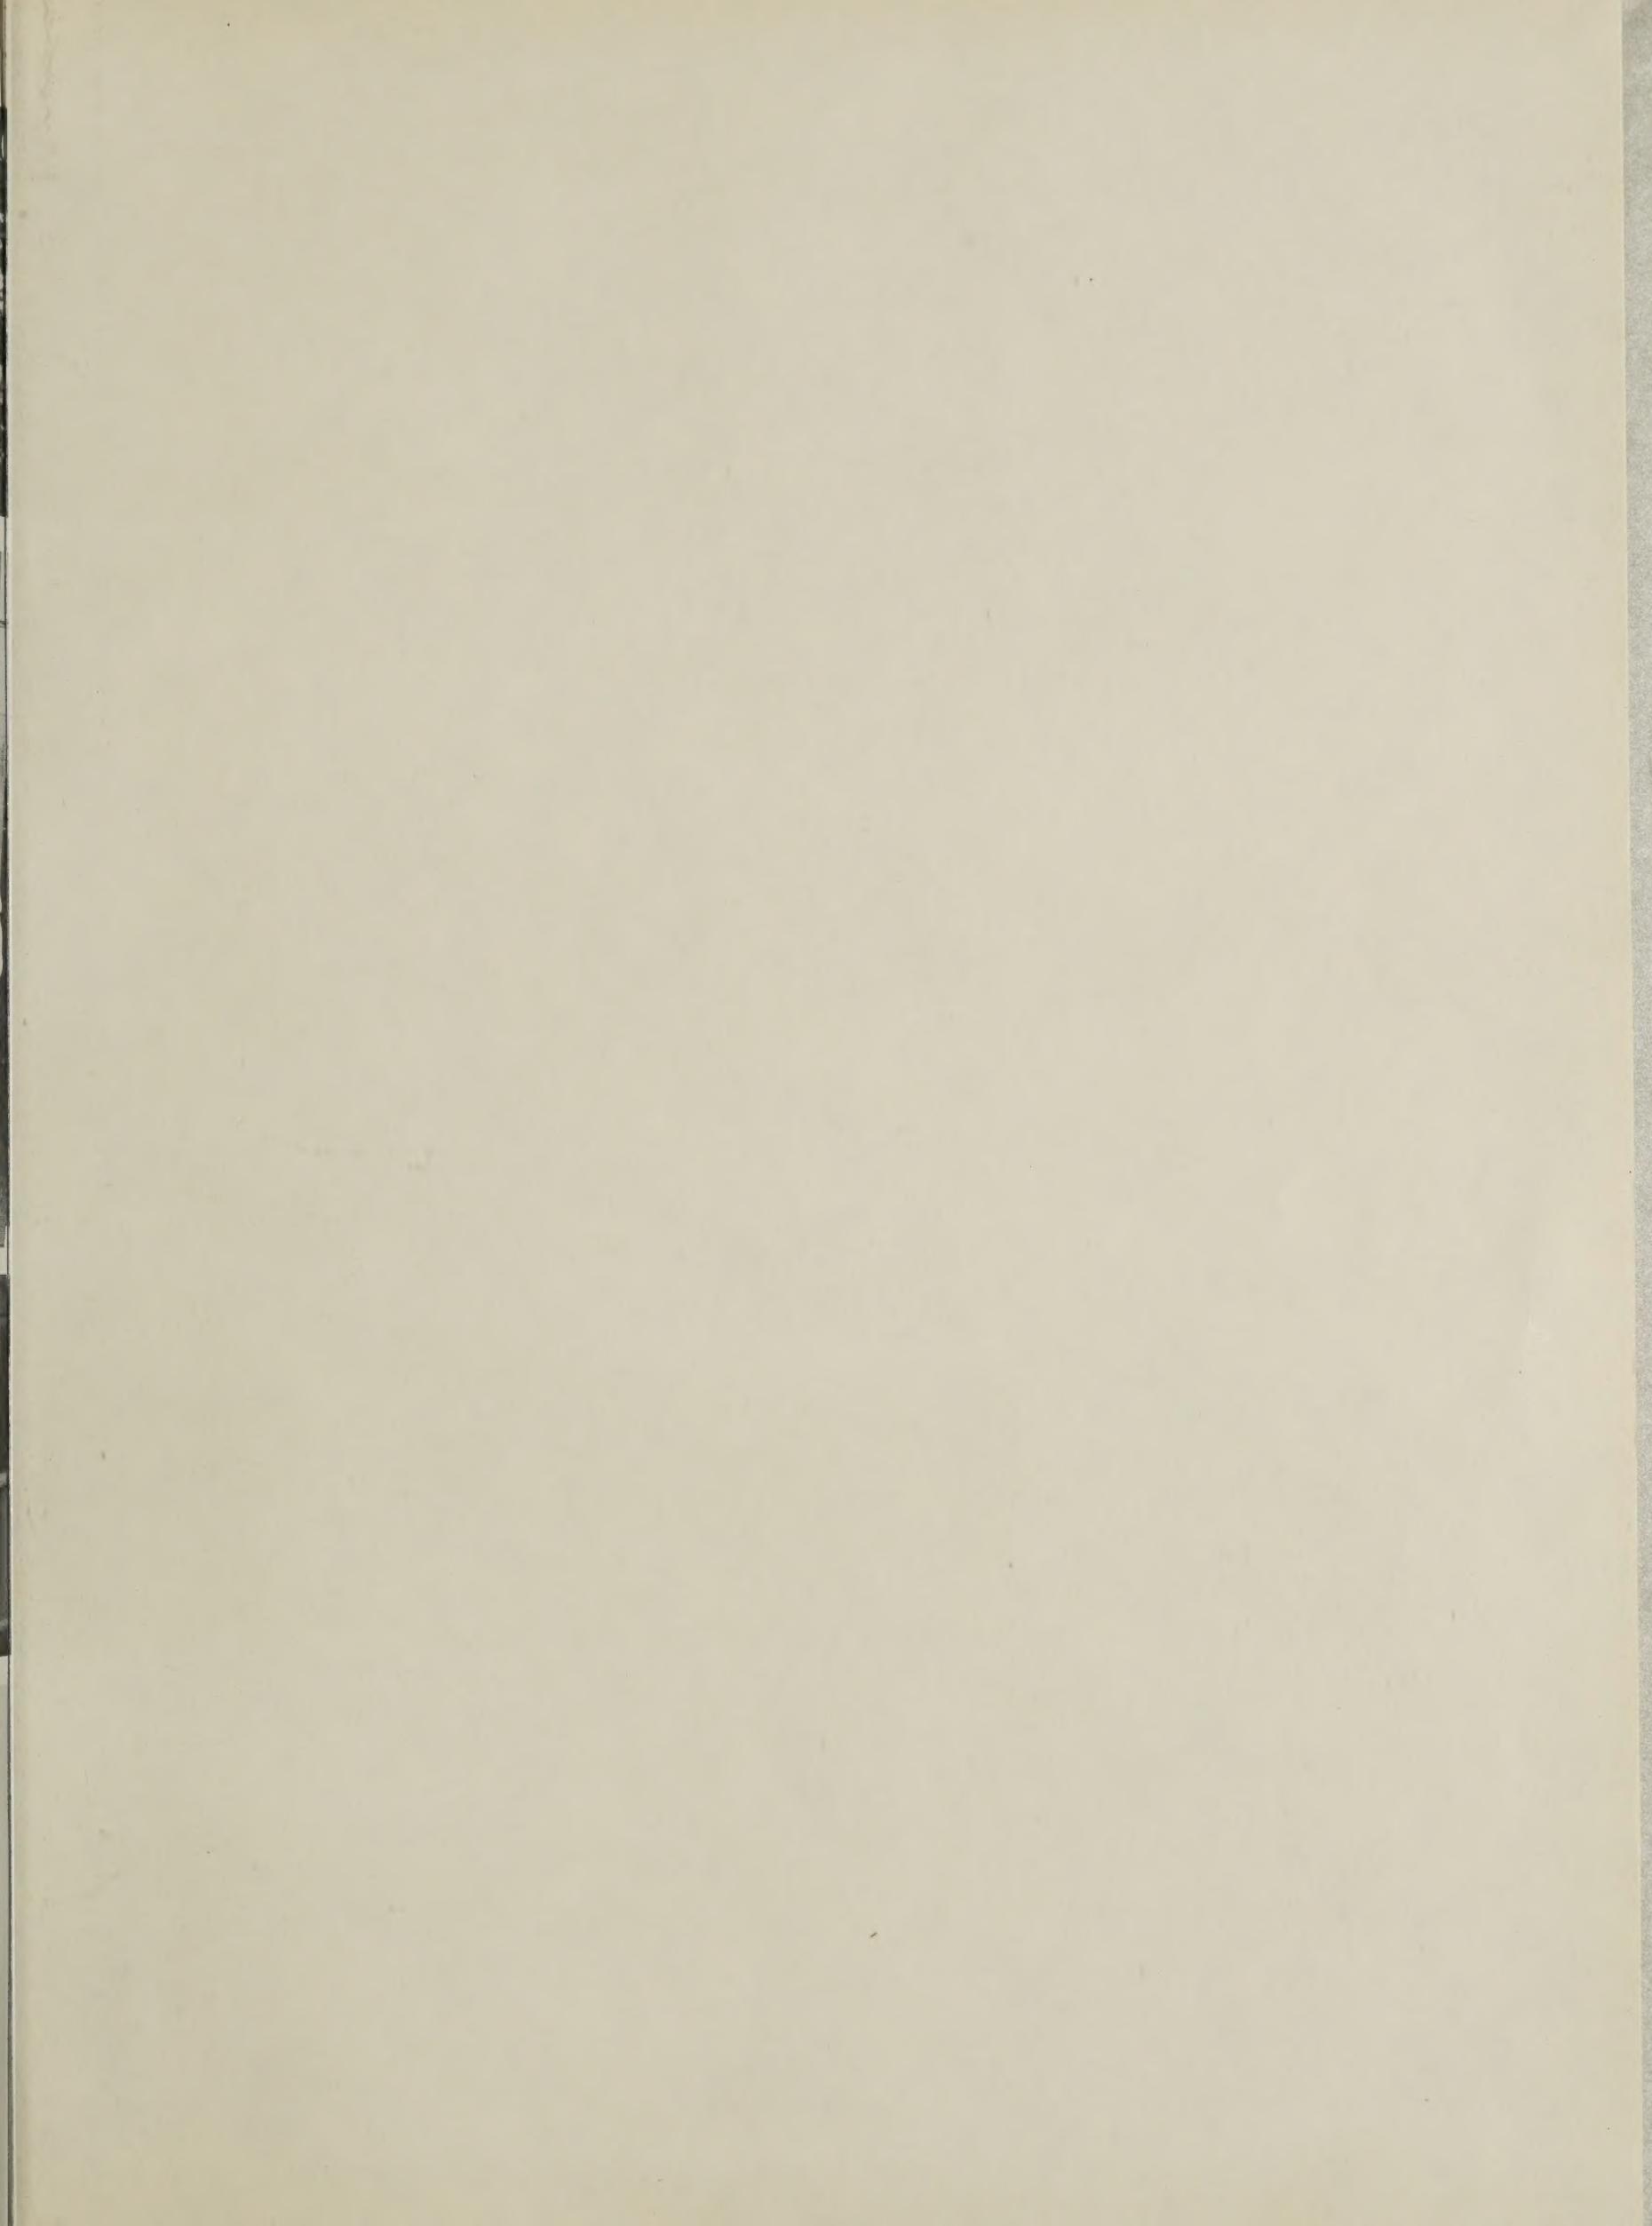

The board at the back of the room gave the editor a chance to post which pages went in for each deadline. "Dread one at a time"!!

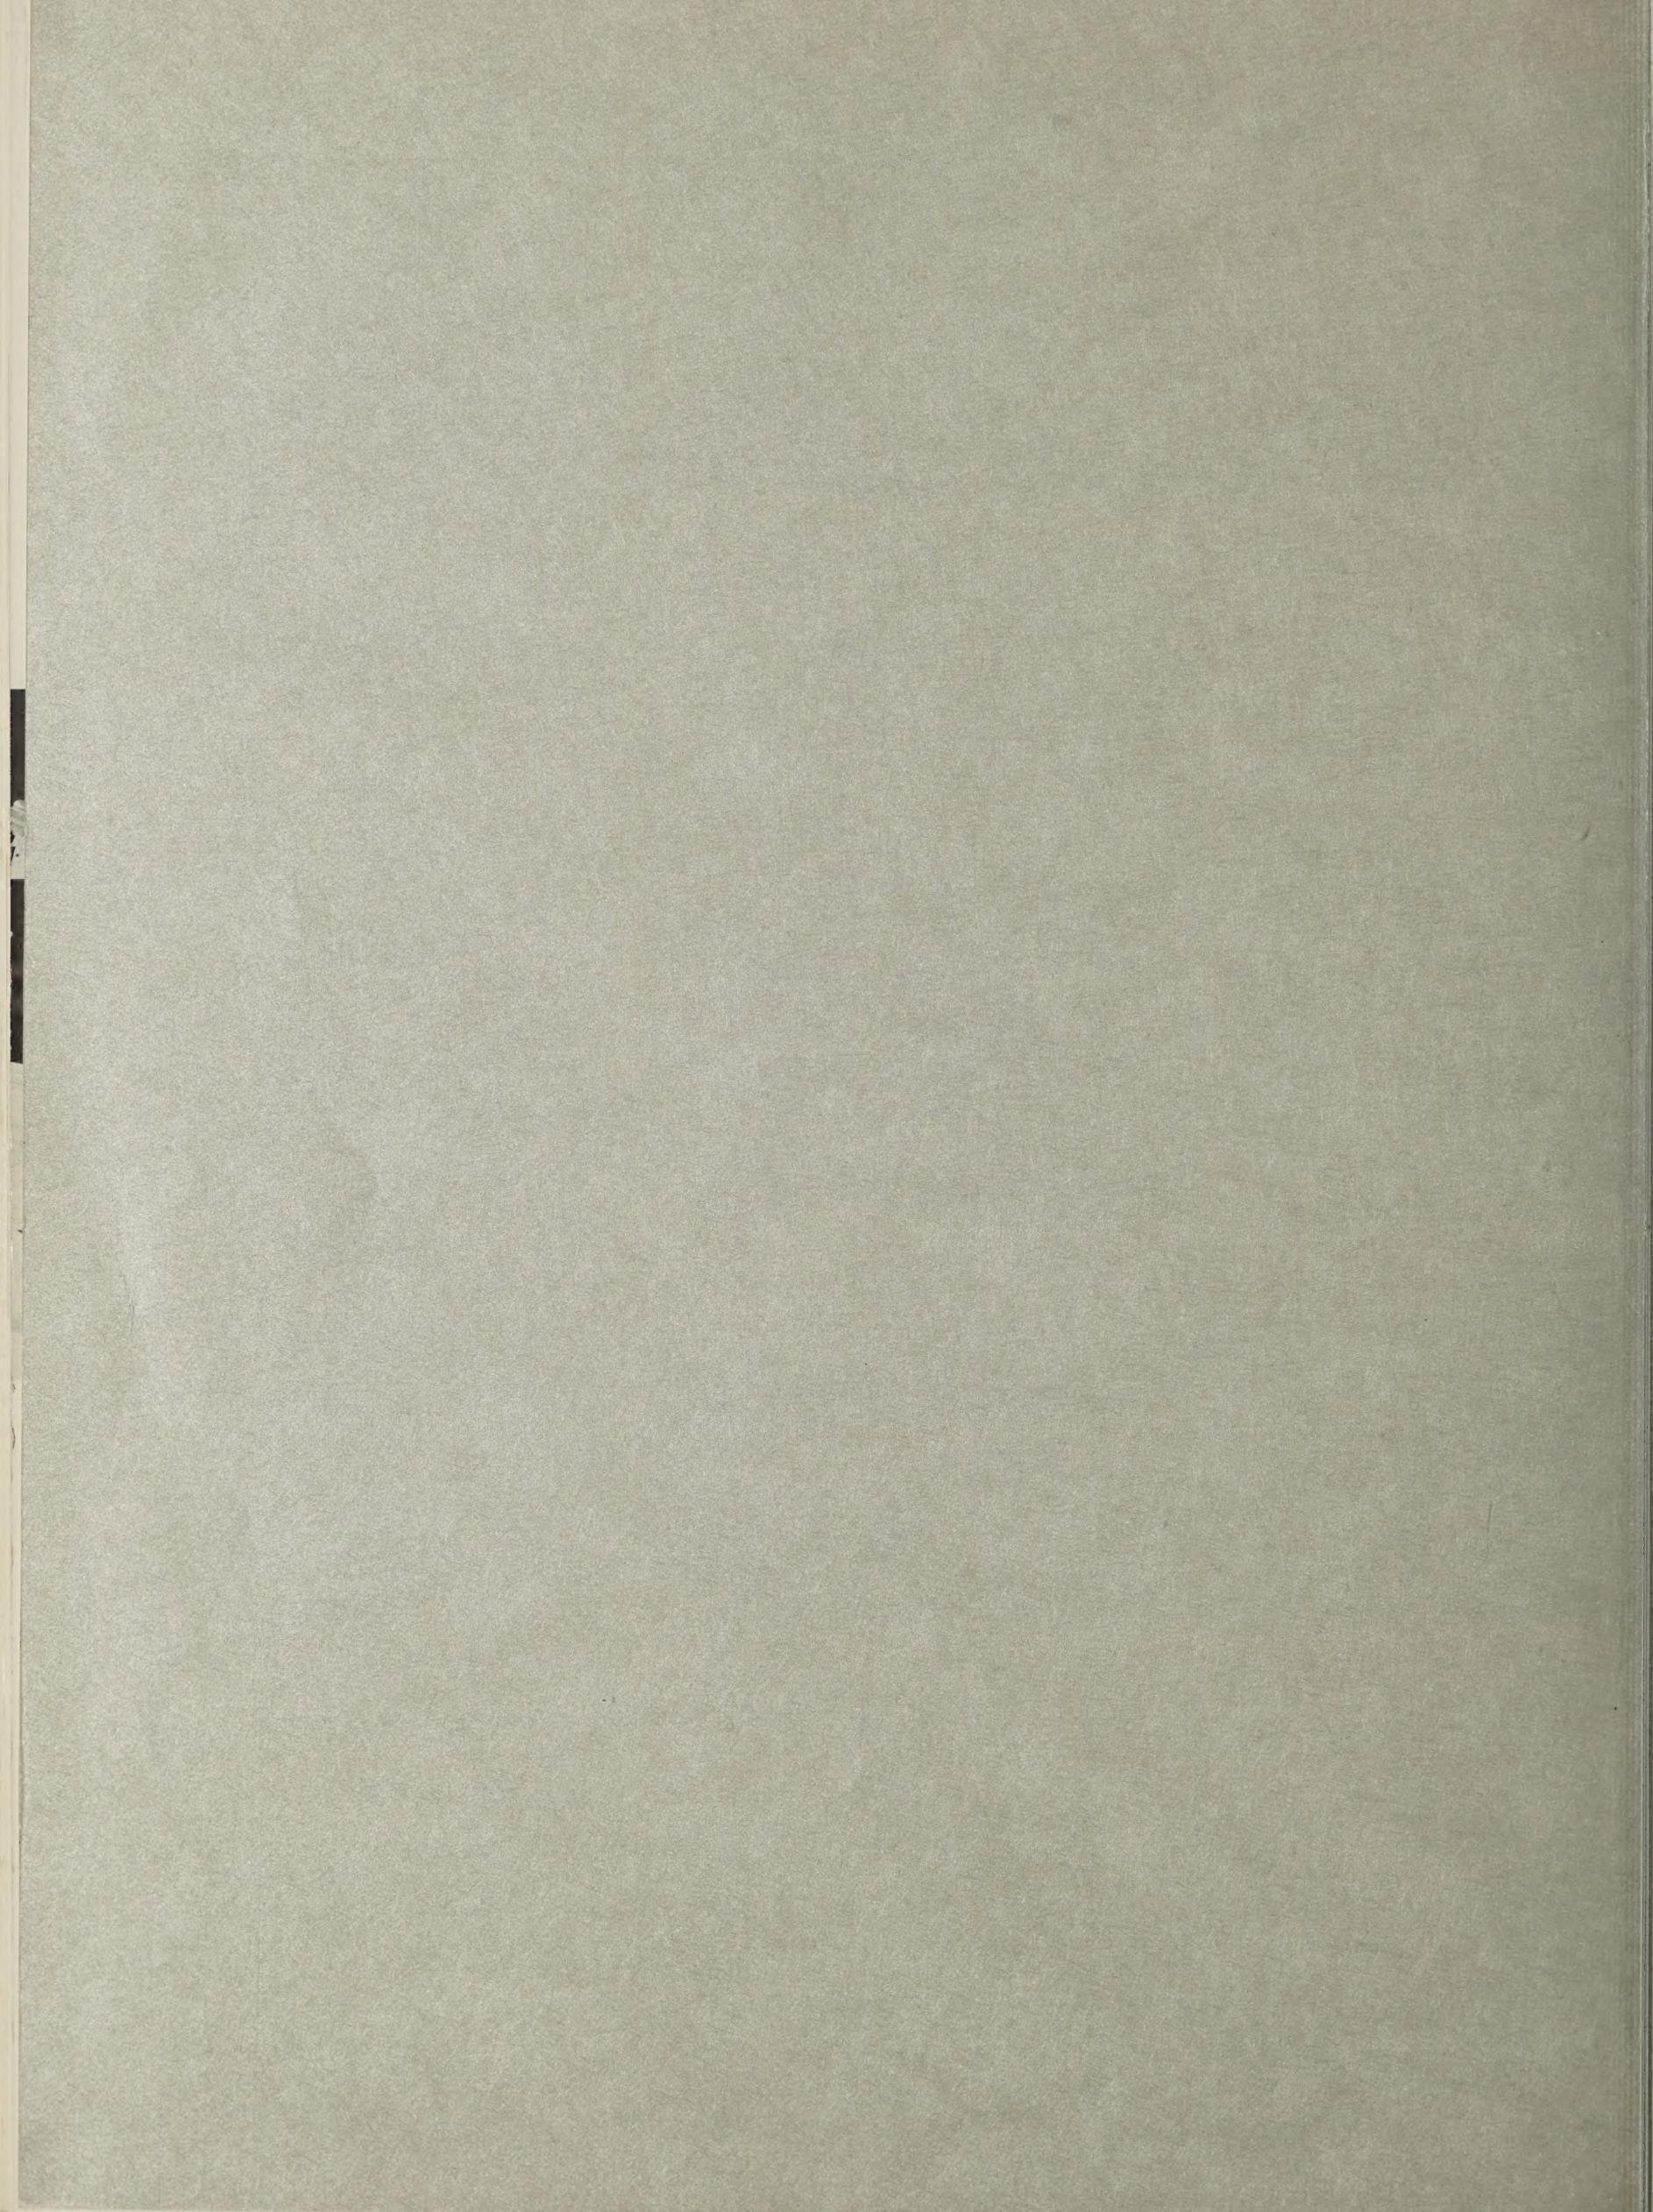

As students and staff reflect on the past year, adjusting to the uncomfortable congestion turned out to be not all bad. At the start of the year, many felt that the crowded school would be unbearable but at the close, with challenges met and problems solved, the focus of the lost space diminished and changed to more important things, such as the summer and the future for the graduating seniors.
